### PROFILE

Computer Engineering student with hands-on Android and Flutter development experience, proficient in Java, Dart, and Firebase. Proven ability to contribute to real-world app development through internships, demonstrating strong analytical thinking, teamwork, and foundational knowledge in data analysis and cloud computing. Eager to build scalable software solutions.

### PROFESSIONAL EXPERIENCE

**Flutter Developer** Jun 2023 - Jul 2023  
Dream Webies Pvt.Ltd, Nanded, India

Contributed to software development by analyzing problems, building practical solutions, and preparing technical reports and presentations. Gained hands-on experience with real-world workflows, teamwork, and effective communication in a professional environment.

**Data Analytic** Jan 2026 - Feb 2026  
Kasnet Technologies Pvt.Ltd, Pune, India

Performed data analysis and built interactive dashboards using Power BI and Azure, converting raw data into actionable insights. Supported IT projects through data-driven approaches, improving reporting, visualization, and decision-making processes.

### PROJECTS

**Cyber-X** Nov 2023 - Apr 2024  
Nanded, India

Designed and developed a multi-functional mobile application focused on improving user communication and productivity. The application includes features such as spam call and message filtering, AI-powered chatbot assistance, emergency notification with real-time location sharing, and intelligent contact management for organizing user interactions.

Implemented a cloud-based architecture using Firebase services, including Realtime Database/Firestore for efficient data storage, Cloud Messaging for instant notifications, and Analytics for tracking user activity. Ensured real-time data processing, scalability, and reliable performance of the application.

Focused on building a clean and user-friendly interface through usability testing and continuous improvements. The project highlights strong skills in mobile app development, cloud integration, data handling, and designing scalable, real-time applications.

### AWARDS

**Azure-900 Certificate** Apr 2026  
Microsoft, Online

Microsoft Certified in Azure Fundamentals, with a solid understanding of cloud computing concepts, Azure services, and deployment of cloud-based solutions.

### SKILLS

Flutter  
Firebase  
Java  
  
Git & Github
